Aztech Business Consortium Ltd. (Aztech or ABCL or ABC Ltd.) was incorporated and registered under 'The Companies Act (Act XVIII) of 1994 under Registrar of Joint Stocks Companies & Firms, the People's Republic of Bangladesh'. Aztech is being one of the most versatile Sourcing and Indenting Agent for Defence & Government/Semi-government/Private Sectors, Importer, Representing Manufacturer(s)/Supplier(s), Exporter, Contract manufacturers and Consultant(s) offering almost everything to the buyer/seller across the world under one roof and in accordance with the International Standard. Aztech is consisted by highly qualified, experienced, professional management and staff accelerated by latest machineries/technology, skilled workmanship with substantial marketing. The proficient management of the company was able to gain the confidence and won the respect of the customers in terms of quality and timely delivery. Aztech is one of the fast growing and trustworthy company in Bangladesh; we have been enjoying a high reputation from our clients and wish to express profound thanks for their patronage. With the backup of our expert technical staff, we keep making constant efforts to meet the expectations of our clients.

Our Management is the Think Tank of the organization with a clear vision to combine spirit & hard work as a core factor of success. In their long journey they have benefited both the domestic customers and foreign suppliers with a sense of responsibility, sincerity & reliability.

Our Motto

- > To be a well-integrated and comprehensive marketing and trading house offering package and concept selling
- > To achieve a systematic and well balanced growth through increased customer participation and market expansion
- > To make an impact on international and domestic markets by providing newer products and services according to customer needs
- > To use our in-depth knowledge of the market to ensure a fair deal to both customers and principals
- > To provide personalized service, on schedule deliveries and reliable quality at competitive prices at all times
- > To partner our customers with relevant know how, thus growing the local market in client countries
- > *To build sustainable relationships with our customers, beyond the realm of business, creating lasting inter-personal bonds that convert customer relationships into family bonds all across the globe*

Mission / Vision

- > Our Mission is to develop and sustain productive business partnerships with our Customers and our Principals.
- > Our values drive us at all time to be an ethical, loyal, and reputable business partner to all our Customers and the Principals we represent.
- > To create optimum value for all our stakeholders by adhering to the highest ethical standards.
- > To pursue customer satisfaction relentlessly through deliverance of high quality products and services.
- > To strive for providing employment opportunity to reduce unemployment.
- > To create centers of excellence in industrial and service sectors through Joint Ventures.
- > To contribute to the well being of the society by acting as a responsible corporate citizen through valuable *Corporate Social Responsibility (CSR)* activities.

Philosophy and Corporate Values

Philosophy

Customers lie at the heart of the standard of excellence that AZTECH represents. Our **strong business relationship with customers** and the sharing of common goals are key factors for a beneficial partnership.

Our customer's needs and interests are our own priority. We **focus on the fundamentals** and we care for every detail.

Corporate Values

At AZTECH we are committed to high standard of excellence and business ethics. Our corporate values are:

«Continuous development and improvements to achieve excellent business results»

- Continuous Progress/Innovation
- Continuous research for new ideas to cover every need of the market
- High performance
- High quality standards

«Key to our success is our people»

- Team spirit
- Passion and enthusiasm for work
- Integrity

«To set corporate social responsibility in daily practice»

- Socially responsible development
- Respect the environment

We had long experiences towards marketing of superior quality and creatively designed products all over Bangladesh and abroad. We are catering the needs to meet the market demands by importing directly or by participating through competitive bid of International Tender/Bid (ICB) on behalf of Manufacturer, Exporters and Trading Houses from home and abroad. We are representing few renowned manufacturers from all over the world. We source new markets and clients for their quality products in Bangladesh, especially in the field of

Pharmaceuticals (Please visit <http://www.az4pharma.biz> for more details)

Defence (Please visit <http://www.az4defence.biz> for more details)

Fashion wears for Garments and Leather Goods (Please visit <http://www.az4fashionwear.biz> for more details)

Customer Services

As we understand the pressure put on the healthcare industry professionals for urgent and top-quality results, we provide our clientele valuable and prompt support and a better understanding of how to access and use our systems and technology. We promise to provide technology solutions, and most importantly to listen and work with our customers for exceeding their expectations. Service and customer support before, during and after the sale are of high importance for us.

Provided services:

- Studies of needs and laboratory planning
- Installation
- Training
- Application
- Preventive maintenance
- Repair
- Calibration
- Equipment assessment/assessment (DQ, IQ, OQ, PQ)
- Performance Verification

AZTECHserve

Is a centrally driven department, running by qualified Engineers and Application Specialist provides outstanding service by keeping functionality with optimum performance, efficiency and value of your investment. Our highly skilled Specialists undergo continuous training to provide outstanding service support and to be ready to take responsibility for any service task required. This allows us to provide the best possible support for your daily operations.

Always At Your Service

- Operating a highly competent and motivated Service Team and Logistic Department
- Carefully scheduled low-cost preventive maintenance instead of risking expensive corrective maintenance when you least need it
- Maintaining and upgrading your machines at regular intervals, if and when needed

You Look After your Machines, We Look After You!

- We continuously qualify and train our engineers and application specialist to provide first-level technical support by phone and at your site when needed
- Organizing efficient training for end users and technical people
- Enabling your staff to professionally handle the operation and regular maintenance of your investment

We Won't Let You Down

- Use only dedicated certified tools to insure accuracy, precision and best performance of your equipment
- Offering a wide range of flexible and targeted service and genuine spare parts and consumables
- Respond to customers in a timely, efficient and responsible manner
- To maximize the value of your investment, you can sign up for one or more of the standard, optional and/or customized services, if needed like:
 - Service contract
 - Extended warranty contract
 - On call tariff contract

Preventive Maintenance: Repair: Parts: Consumables: Upgrade: Documentation: Relocate: Renovate

Pharma

<http://www.az4pharma.biz>

Bangladesh is undoubtedly one of the fastest growing pharma-economy in global markets, and the momentum of growth has further accelerated by 17 years extension till 2033 by WTO/TRIPs to continue the patented pharma formulations. Such phenomenal incident has generated huge requirements for the domestic pharmaceutical industry in multifold and multi-aspects, which include; upgradations and expansions of the existing manufacturing facilities.

Pharmaceutical industry of Bangladesh is growing at more than 18% annual growth rate and emerging as global hub for the Contract Manufacturing for the pharmaceutical formulations. The local pharma market of Bangladesh is valued at around Taka 40,000 Crore and fulfill 97% of the local demands. Bangladesh exports more than 117 countries across the world with worth USD 72+ million.

At AZTECH our expertise lies in the sourcing and supply of raw materials and ingredients to manufacturers of Pharmaceutical, Nutraceutical, Veterinarian, Medical and Supplement products.

We have extensive experience in all aspects of the supply chain from evaluating new suppliers through our audit process, customer specific strategic stock holding capabilities, to ensuring deliveries are made complete and on time. We rigorously ensure all our products are fully certified and approved meeting all regulatory requirements.

We supply all the necessary regulatory documentation with each order and guarantee you the assurance and confidence that the materials we supply are fully compliant.

AZTECH handles all the accreditation and paperwork you need in accordance with current GxP guidelines which ensure a product is safe and meets its intended use, including:

GBP – Good Business Practice | GDP | GEP | GLP | GMP | GSP etc.

CoS – Certificates of Suitability | MHRA | US-FDA | EDQM – European Directorate of Quality Medicine | AIFA – Agenzia Italiana del Farmaco | TGA – Therapeutic Goods Administration, Australia | WHO | EDMF | DMF | ISO-9001 & ISO-14001 | TSE/BSE | MSDS | CoA | MoA | Stability etc.

In a nutshell, we look after the interest of the overseas manufacturers, exporters, suppliers, investors and consultants for the followings:

Active Pharmaceutical Ingredients (APIs) | Generic APIs | Fine Chemicals and Intermediates | Excipient/Formulation | Finished Dosage Formulations | Natural Extracts | Biopharmaceuticals | International Contract Service | Pharmaceutical Technology, Laboratory and Analytical Equipment | Analytical Services and Application Supports | Formulation Supports | Packaging Machineries & Materials | Analytical instrument | Measuring instrument | Optical instrument | Contract Services - Analytical & Lab Services | Contract Services - Bio Services Contract | Services - Contract Services | Contract Services - Pre Clinical Trials, Clinical Trials Stages I-IV,

Chemical Sector

For more than one decade AZTECH is actively involved in the import and distribution of different industrial and food grade chemicals. Since 2006 we have supplied chemical both in the private and Government sectors with a high rate of success and reputation:

Procurement list for Industrial Chemicals & raw materials.

- Paraffin Wax Semi refined 58-60 °C
- Liquid Paraffin (White Oil)
- Gum Rosin ww grade
- Gum Turpentine Oil super grade
- Titanium Dioxide Anatase
- Titanium Dioxide Rutile
- Lithopone B301 28-30%
- Stearic Acid (Rubber grade)
- Stearic Acid Tripple pressed
- Calcium Carbonate precipitated
- Caustic Soda Flake 98% Min
- Soda Ash (Light & heavy)
- PVC Resin K-value 65-67
- Plastic Raw Materials:
HDPE, PP, LDPE, LLDPE, ABS Resin etc.
- Zinc Chloride Battery grade
- Electrolytic Manganese Dioxide Battery grade
- Natural Manganese Dioxide Battery grade
- Ammonium Chloride Battery grade
- Liquid Glucose BE45 C
- Dextrose Monohydrate Food grade
- Maize Starch
- Tapioca
- Sago Seeds
- Citric Acid Mono BP-98
- Sodium Bicarbonate Food grade
- Ammonium Bicarbonate Food grade
- Vanillin powder
- Sodium Saccharine BP-98
- Sorbitol 70% solution (Non crystalline)
- Sodium Benzoate BP-98

Leather Chemicals

- Sodium Sulphide Flake
- Sodium Sulphide Solid
- STPP
- Ammonium Sulphate
- Ammonium Chloride
- Sodium Metabisulfite
- Sodium Chloride (Co)
- Sodium Formate
- Sodium Bicarbonate
- Hypo (Sodium theosulphate)
- Acetic Acid

Solvents:

- DEG
- Propylene Glycol (PG)
- Toulene
- Methanol (GR, HPLC grade)
- Acetonitrile

Paper & Board:

- Woodfree white writing offset paper
- Newsprint paper
- Art Paper
- A4 size Photocopy Paper
- Duplex Board
- Kraft paper (Medium & Liner)
- Kraft paper for Cement bag
- Glassine paper
- Security paper (all types)

Textile Sector:

- Polyester Chips
- Raw Cotton
